Attachments: SVEC PCB Approval.docx

Hi All-

I have finished updating the SVEC approval. I still just need to find the wording for the QA document, which I will do early next week.

Aside from incorporating all previous comments/edits, I made some significant edits to this paragraph on Page 2

Ex. 5 AC/DP

Please let me know if you have any questions or further comments. Hopefully we can get this signed in the first half of September.

Sincerely,
Michelle

Dear Michelle:

I hope you are doing well. We're checking in again on the status of the approval letter for SVEC. Please let us know where it stands.

Thanks,
--Bob

Hi Michelle,

We wanted to check in with you on the status of the approval letter. Could you give us an update on that?

Thanks,
Peter

Hi guys-

I've been trying to track down that report I couldn't find, and organizing my records in the meantime. I got the report from Amanda at the health district today. So, I can hopefully finalize this tomorrow after incorporating your edits.

Thanks!

Hey Pete, sorry I forgot to get to this quicker. Just gave it another look and made a couple of minor comments.

Hi Kendall,

I did comment back to Michelle on the Sky Valley approval after all. Maybe we just need to check in with her as to status if you & Bob aren't going to have any other comments on her draft.

Pete

Thanks, Michelle. I made some edits & commented. I don't have the submittal in question.

I believe this captures our discussion about how to finalize this approval.

There are a couple of things I still need to verify. I spent a lot of time searching my records for the SVEC initial detailed sampling report, which I believe they submitted in about Feb of 2016. I cannot find it, unfortunately, my computer melted down around this time period. I think this is where the pcb caulk diagrams are. Do one of you have that submittal? Please let me know any edits or suggestions you have.
